

INTAMIX is a feed designed for adult horses, in moderate to intense daily work.

- Balanced combination of flaked and extruded cereals.
- High digestibility.
- Contains essential amino acids (lysine and methionine) needed for a correct tissue's support.
- Formulated with organic minerals that ensure their preferential absorption in critical periods.
- Enriched with minerals and vitamins that are essential to the horse's health and performance.
- Balanced calcium/ phosphorus ratio.
