

MUSCLE FEED is a feed designed for horses that need extra energy and that need to develop their musculature.

- Contains diverse energetic sources (fast and slow sugars, fat, high digestible fiber) that maximize athletic horse performance.
- Source of essential amino acids that contributes to muscle development.
- Rich in Vitamin E and Organic Selenium, that promote muscle recovery.
- Formulated with linseed, that confer a high Omega 3 content.
- Contains sodium bicarbonate that minimizes stomach acidity.
- Sugar beet pulp provides a high pectin content that is good for hydroelectrolyte balance.
